SUMMARY OF THE REASONS FOR DECISION:

The untitled computer printout also known as *Printed picture numbered 15* is classified as:
Objectionable.

The publication is a sheet of plain A4 paper bearing a picture that appears to be printed from a computer and a manually applied number. The image is a full-colour photograph explicitly depicting sexual activity involving a girl and an adult male. The image is intended for the sexual stimulation of adults with a prurient interest in children.

The publication promotes and supports the exploitation of children for sexual purposes, deeming the publication objectionable. The application of this deeming provision of s3(2) of the Films, Videos, and Publications Classification Act 1993 (FVPC Act) places limits on the freedom of expression affirmed by s14 of the New Zealand Bill of Rights Act 1990. The result of a publication falling within the criteria of s3(2) of the FVPC Act is prescribed by law. The Classification Office is confident that its interpretation and application of the statutory criteria is reasonable and demonstrably justified.
